Ryegate has a town crier in the person of Morris Green, a clerk in the village store. He also serves as a directory when strangers visit the place. Once a week the people gather on the steps of the store where the crier works and listen to the news of the world, for Morris says that so long as the town is too small to run a newspaper he must tell them what is going on outside. He cries the news from the lower and his weekly instruction is expected by the people and enjoyed by them.

The Daylight Store

Of No Mushroom Growth

is our Ready-made Garment Business, but an example of regular, steady development. Our policy has always been to sell only reliable goods and at reasonable prices. We stand back of our representations and never try to dodge responsibilities, and if, by chance, anything happens to go wrong, we are always ready to make it good.

We cite this as but one of the many reasons for the steady growth and healthful development of our business.

If you are not already among our patrons, we would like to get acquainted with you.

We have just received our new line of Fall Skirts, which are extra good values.

Ladies' New Fall Suits

We are starting this fall season with one of the largest and strongest lines of Ladies' and Misses' Suits we have ever shown. The length of coat and fullness of skirts are new features this season.

We start the season with one of the best Suits at \$12.50 we have ever put out. These Suits are made of a good quality all wool hard twisted worsted in black and colors.

These Suits are made in the best tailored style, with a long semi-fitted coat, lined with a fine serge lining and a full pleated skirt. Sizes from 32 to 46 bust.

At \$18.00 is another very strong line of Ladies' Suits. These Suits are made of the popular new cloth and in all shades and black.

One of the best models is made with a 45-inch length coat, is lined with a guaranteed satin lining and has the new side pleated skirt. Has all the style and finish of the better Suits.

Ladies' New Fall Suits

In introducing our line of new fall Suits we would particularly call your attention to our line of Misses' Suits.

These Suits come in sizes such as 14, 16, 18 and 20 years. They are especially designed to fit medium and small ladies, having a skirt that is shorter than the regular sizes, and the coats are a little shorter waisted. At \$18.00 are some very good values in this make of Suits.

At \$20.00 we are showing a good line of this particular make of Suits, both in broadcloth and worsteds. The coats are a little shorter than the ladies' size, running from 38 to 42 inches long. Skirts are made in a variety of plaited styles.

At \$22.50 is another popular line of Suits, made of the fine worsted cloth, and with a full 45-inch length coat. Skirts are made in the new plaited style.

Ladies' New Tailored Suits

When you stop to consider the length of the coats this season you will be surprised at the quality of Suits at the prices we are putting them out for.

At \$25.00 we can show you the largest and best assortment of Suits with the long tailored coat, some made plain tailored, others with side plait effect to the side of coat, and the same idea carried out in the skirt. These are made in a variety of the best cloths of the season.

At \$27.50 you will find some extra values in Suits which we have only samples of, being a little different in design from the cheaper ones. The materials are broadcloths and fine worsteds.

At \$30.00 is a line of Suits which is the best we have ever shown. These Suits are made in the best up-to-date styles and of the new plain and satin-faced invisible striped goods. Also in the plain and embroidered broadcloths. There are mostly sample Suits.
